WORK EXPERIENCE

Quality Assurance Intern **October - December 2025**
Simplevia Technologies Inc. | *Pasig City*

- Tested 13 successive builds of the application, performing daily functional and regression testing to catch issues introduced by new changes before each release.
- Created 11 test scripts to standardize test coverage across application modules and streamline repeat testing.
- Created 7 user manuals documenting application features and workflows for end users.
- Collaborated with the development team, joining meetings as needed to report test results and flag high-priority issues.

PROJECTS

NewsLens: Bilingual News Headline Classifier

- A web-based application that classifies news headlines using a hybrid BiLSTM-SVM model. Supports single headline input or RSS feed integration to automatically gather and categorize news from various sources, with direct redirection to original sites for full article reading.

Thesis Viewer App – Full-Stack Developer

- A centralized web app for viewing and managing academic theses, built with React and Supabase, featuring an AI-powered Q&A chatbot via OpenRouter API.

NEU OJT-Link – Tester

- An online platform for New Era University students to manage their On-the-Job Training. Lets students apply to companies and submit reports, and helps admins track their progress easily.

CERTIFICATIONS

- Civil Service Examination Professional Level Passer (Civil Service Commission) – 2026
- SQL and Relational Databases 101 (Cognitive Class) – 2024
- Introduction to Data Science (Cisco) – 2025
- Supervised Machine Learning: Regression and Classification (Coursera) – 2025
- Data Science Tools (Cognitive Class) – 2025
- Introduction to Cybersecurity (Cisco) – 2025
- Getting Started in Google Analytics (Coursera) – 2025
- Machine Learning for Healthcare Applications (Cognitive Class) – 2026
- Data Analysis with Python (Cognitive Class) – 2026

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Python, PHP, HTML, CSS, ReactJS, SQL
Tools & Platforms: GitHub, VS Code, Jupyter Notebook, Figma, Vercel, MS Office, Firebase, Supabase
Data Analytics, Visualization & ML: NumPy, Pandas, Scikit-learn, Tableau, Microsoft Power BI

SOFT SKILLS

- Strong time management, team collaboration, and adaptability, with a fast learning curve for new tools and environments

EDUCATION

New Era University **June 2026**
Bachelor of Science in Computer Science
